Verizon Hotspot
User Guide

Using Your Hotspot:

1. Press and hold the power button for 5 seconds (if Hotspot does not turn on you may need to charge it first).
2. Use the top menu button to navigate to "WiFi Info" and select it. This will list the name of the Verizon network you will connect your device to (Verizon-RC400L-XX) and the password.
3. Go into your device you wish to connect the Hotspot to and select the WiFi network and enter the password.
4. To turn off the Hotspot when not in use, press and hold the power button for 5 seconds

Things to Note:

1. The Hotspot will be turned off remotely 3 weeks after the due date and user will be charged for lost item.
2. Hotspots are fragile; please take care not to drop, disassemble, or attempt to repair the Hotspot. Bring the Hotspot into the library you checked it out from if you need help with anything.
3. The Hotspots have content filters in place and may restrict access to certain sites, including streaming services.

Questions?

- Contact your branch library for assistance or call (530) 621-5540
