

MEASURE C

Georgetown Library Funding

- Measure C is the proposed renewal of an existing parcel tax that is set to expire in 2027.
- Measure C will be placed on the ballot for the June 2, 2026 election.
- Voters approved the initial tax and renewed the existing tax twice before. The tax has helped fund the Georgetown Library for the past thirty years.
- Proposed is a levy of \$25.50 per year per parcel of real property and subject to yearly inflation of no more than 3% to be used only for library services at the Georgetown Library.
- Voting 'yes' on Measure C would generate approximately \$124,000 annually to fund Georgetown Library services for the next twenty years.
- Voting 'no' on Measure C would not extend the existing parcel tax. Without additional funding, Georgetown Library services, hours, and operations will be impacted.
