

## **MEASURE B**

### South Lake Tahoe Library Funding

- Measure B is the proposed renewal of an existing parcel tax that is set to expire in 2027.
- Measure B will be placed on the ballot for the June 2, 2026 election.
- Voters approved the initial tax and renewed the existing tax twice before. The tax has helped fund the South Lake Tahoe Library for the past thirty years.
- Proposed is a levy of \$25.50 per year per parcel of real property and subject to yearly inflation of no more than 3% to be used only for library services at the South Lake Tahoe Library.
- Voting 'yes' on Measure B would generate approximately \$580,000 annually to fund South Lake Tahoe Library services for the next twenty years.
- Voting 'no' on Measure B would not extend the existing parcel tax. Without additional funding, South Lake Tahoe library services, hours, and operations will be impacted.
